"In vast laboratories in the Ministry of Peace, and in experimental stations, teams of experts are indefatigably at work searching for new and deadlier gases; or for soluble poisons capable of being produced in such quantities as to destroy the vegetation of whole continents; or for breeds of disease germs immunised against all possible antibodies."----[George Orwell - 1984](#)

I am known for having analysed a major anthrax outbreak, which occurred in Rhodesia during its civil war. I showed that none of the explanations for why it was a "natural" event stood up to scrutiny, and that the epizootic was due to biological warfare. "DO NOT TAKE ANY VACCINATIONS. This is the standard deceptive way you are given the Establishment's Biological Warfare infections.." [Dr. William D. Kelly](#)

I've talked to individuals who work in the pharmaceutical industry and they've told me that the most experimental and dangerous vaccines are always administered to the African American communities. There's a story I've heard numerous times, of this Black doctor who was working in a department that handled vaccines, and he noticed that vaccines that were to be sent to the Black community had code numbers on them which were different from the numbers that were on the package being sent to the White community. He couldn't understand why there was this difference. On one occasion, he accidentally mixed the two packages up. They found out what happened and immediately recalled the batches of vaccines. Now, why? What was in those vaccines that were supposed to go to the Black community that was different from the one going to the White community? I've heard that story many times, from several credible sources. [An Interview with Curtis Cost By Susan Davis](#)

In 1987, journalist Robert Lederer wrote about a vaccine against hog cholera. The serum was developed from pig blood which turned out to be tainted with African Swine Fever (ASF). "Thus," Lederer suggests, "during mass [pig] vaccination programs, the tainted vaccine prevented hog cholera but also induced ASF on a mass scale."

Ben Dupuy, editor of New York's Haiti Progress, told Lederer he believed the hog cholera vaccine was intentionally introduced into Haiti to blast the poor-peasant infrastructure. With the death of their pigs during the ensuing ASF epidemic of 1979, Dupuy maintains peasants were forced to pay \$100 apiece for new pigs brought in from the US. Of course, they couldn't afford this. The idea was to drive peasants off their land into low-paying urban jobs and, from the outside, establish a new Haitian

economy (US controlled) of huge farms and factories.

In this regard, Lederer also cites an article from the New York Native, December 17, 1984, in which Jane Teas (Harvard School of Public Health) remarks that ASF first broke out in Haiti in a well-populated valley that was due to be flooded, as part of a hydroelectric dam project. Dr. Dan Burisch, who is in lock-down, working with the Lotus project, seeks immunity to stand before a Congressional hearing or other appropriate public body, to disclose his first-hand knowledge, with proof, of U.S. government involvement in designer viruses and other black-ops. Why so many orphaned children in Uganda? Because this was the principle site of the African hepatitis B vaccine trials in 1974-1975. Uganda was the home of the International Agency for Research in Cancer (IARC) that collaborated with Litton Bionetics, the U.S. Army's sixth top biological weapons contracting lab during the late 1960s and early 1970s. Bionetics was the organization that, at this time, developed numerous AIDS-like viruses under the direction of Dr. Robert Gallo of the National Cancer Institute (NCI), who more than a decade later received credit for "discovering" the AIDS virus HTLV-III (HIV-1). Society is being weeded out right now, as minority species are being eliminated very specifically by biological germ warfare and other tactics meant to insure the elimination of those less genetically favourable...Our food is being tampered with, by the insertion of food additives and substances like aspartame.They view this as a massive genetic cleanup."--[Thanks for the Memories: The Memoirs of Bob Hope's and Henry Kissinger's mind control slave by Brice Taylor](#) p281

"But you yourselves perfectly well know that to produce the possibility of the expression of such wishes by all the nations it is indispensable to trouble in all countries the people's relations with their governments so as to utterly exhaust humanity with dissension, hatred, struggle, envy and even by the use of torture, bystarvation, BY THE INOCULATION OF DISEASES, by want, so that the goyim see no other issue than to take refuge in our complete sovereignty in money and in all else. But if we give the nations of the world a breathing space the moment we long for is hardly likely ever to arrive." [From the 10th protocol](#)

"There is no question that HIV was introduced into the U.S. male homosexual population via the gay hepatitis B vaccine experiment that took place between 1978 and 1981. My research clearly supports the outbreak of AIDS cases in Los Angeles and San Francisco shortly after the experiment began in those cities. Not surprisingly, the government has refused to release data on the number of AIDS deaths that have

occurred in the large group of gay men who initially volunteered for the vaccine experiment." ---[Dr Alan Cantwell](#)

Last year at a meeting of the elite, George Hunt obtained a handout which shows that the elite are committed to stopping the population growth by any means available. Years earlier, Illuminatus Dr. Aurelio Peccei advocated a plague similar to the Black Plague, and when the idea was developed it became the AIDs epidemic. The Illuminati have the cure for AIDS. "Dr. Robert Strecker believes the diabolic "plan" for Africa was spelled out in a 1972 memorandum published by the Bulletin of the World Health Organization. The report indicated that infection with certain retroviruses could result in "selective damage" to the immune system, particularly to white blood cells known as "T-cells." A careful study of World Health Organization literature reveals the careful planning that went into the seeding of AIDS in various nations. In 1987, the WHO was publicly accused of unleashing the AIDS epidemic in central Africa, as a result of its smallpox vaccine programs. The most logical explanation to account for the millions of Africans infected is that the vaccines used in the WHO mass inoculation programs, 1960-1977, were contaminated....The evidence is overwhelming, the United States Government and the World Health Organization collaborated on the development, production and proliferation of a synthetic biological agent that subsequently became known as HIV and AIDS"--- Terry Wycuff <http://aidsbiowar.com/>

"Researchers Dr. Garth Nicolson and his wife Nancy have found a tiny bacterial microbe (a "mycoplasma") in the blood of nearly half the ill vets with GWI. Amazingly, this infectious agent has a piece of HIV (the AIDS virus) attached to it. This microbe could never have occurred naturally. On the contrary, the composition of the microbe suggests a man-made and genetically-engineered biological warfare agent."--[Dr Cantwell MD](#)

"Scientists at The Institute for Molecular Medicine have found that slightly under one-half of the very sick Gulf War Illness patients in a pilot study with the signs and symptoms of Chronic Fatigue Syndrome or Fibromyalgia have chronic invasive infections involving certain uncommon mycoplasmas, such as Mycoplasma fermentans (incognitus strain). "--[Dr Nicolson](#)

"Mycoplasma fermentans (incognitus) has been tested on the Texas Department of Corrections prisoners in the late 1980s prior to the Gulf War. It was tested on death row inmates as well as other inmates in Huntsville, Texas. The guards then contracted it from the inmates, and the guards then gave it to their families and community. This mycoplasma vaccine testing was funded by the U.S. Army, and today there is an

outbreak of 350 people in the Huntsville area with a strange disease resembling GWS."--[Dr Nicolson](#)

"Similarly, U.S. legislators learned in 1999 the little reported fact that Gulf War troops, as many as 200,000, were unwittingly used in AIDS vaccine experiments wherein portions of the AIDS virus, HIV, were recombined with a pathogenic mycoplasma, isolated, tested, and then patented by Dr. Shyh-Ching Lo of the Armed Forces Institute of Pathology for the American Registry of Pathology in Washington, D.C. The patent is reprinted and discussed in this authors book, Healing Codes for the Biological Apocalypse (Tetrahedron Publishing Group, 1999)."--Dr [Horowitz](#)

"Just a word about vaccines. I tell all my clients not to take the Pneumovax (vaccine for pneumococcal pneumonia), and under no circumstances take the flu vaccine, just don't bother. There's no evidence that these vaccines work in people with AIDS. But there's a lot of evidence that the vaccines are very detrimental. As far as general HIV vaccines go, they're being researched to the tune of a lot of media hype, supposedly to protect us against the AIDS virus. Well, there is some disconcerting evidence and statistics that won't go away, that the AIDS virus may have been introduced into our population by means of a vaccine. And I can tell you no one is ever going to stick an "AIDS vaccine" into my body. I'd rather take my chances with the AIDS virus. At least then I know what I'm dealing with, rather than whatever virus is in the so-called vaccine."--Joan Priestley, M.D. <http://www.orthomed.org/links/papers/priest.htm>

"But, at the highest levels of the medical cartel, vaccines are a top priority because they cause a weakening of the immune system. I know that may be hard to accept, but it's true. The medical cartel, at the highest level, is not out to help people, it is out to harm them, to weaken them. To kill them. At one point in my career, I had a long conversation with a man who occupied a high government position in an African nation. He told me that he was well aware of this. He told me that WHO is a front for these depopulation interests."--[Jon Rappoport interview](#)

"I found it interesting that the Cuban Watergate burglars—who were later given a \$200,000 payoff by the CIA—were looking for the air-conditioning plans for the hotels in Miami, when later it was discovered that Legionnaire's Disease may have come through the air-conditioning ducts. There is the capability to use germs to neutralize people. The CIA has the germs. Legionnaire's Disease has the exact symptoms of a disease they were experimenting with at Fort Detrick, Maryland. When you hear of weapons control, you think of guns, tanks, planes, but you don't hear that they're selling germs, or that Nixon ordered Richard Helms to destroy the germs at Fort Detrick and Helms didn't. Nixon was put out as a bad man, isolated and ridiculed, but Helms went on to become ambassador to Iran and is immune to perjury charges." [The Mind of Mae Brussell](#)
