[\[2014 April\] Gardasil: Are you paying for your own bullet?](#) 'I predict that Gardasil will become the greatest medical scandal of all times because at some point in time, the evidence will add up to prove that **this vaccine has absolutely no effect on cervical cancer and that all the very many adverse effects which destroy lives and even kill, serve no other purpose than to generate profit for the manufacturers.**'...The full extent of the Gardasil scandal needs to be assessed: decision makers and many others knew when this vaccine was released on the American market that it would prove to be useless – and it costs a fortune! Diane Harper, a major opinion leader in the United States, was one of the first to question several aspects regarding this vaccine.....There is far too much financial interest for these medicines to be withdrawn.

Cases of Guillain-Barré syndrome, paralysis of the lower limbs, vaccine-induced MS and vaccine-induced encephalitis may be induced, whatever the vaccine...

In China, dissidents are executed with a single shot of a bullet to the neck and executions are

broadcast on television. Worse still, the victim's families are made to pay for the bullet used. In my opinion, 18,000 to 30,000 deaths in France caused by medicines are the same: the patients are made to pay for the bullet which kills them

Merck drug company admits injecting cancer viruses in vaccines

Dr. Maurice Hilleman

Maurice Hilleman

1960

Laurella McClelland, working for vaccine developer Maurice Hilleman, found similar problems with the polio vaccine as Eddy.

Doctors Benjamin Sweet and Maurice Hilleman, the Merck scientists who named the virus SV40, published their findings:

The discovery of this new virus, the vacuolating agent, represents the detection for the first time of a hitherto "non-detectable" simian virus of monkey renal cultures and raises the important question of the existence of other such viruses As shown in this report, all 3 types of Sabin's live poliovirus vaccine, now fed to millions of persons of all ages, were contaminated with SV-40.
