**DIAGNOSIS LIE**

**"During the last considerable epidemic at the turn of the century, I was a member of the Health Committee of London Borough Council, and I learned how the credit of vaccination is kept up statistically by diagnosing all the revaccinated cases (of smallpox) as pustular eczema, varioloid or what not--- except smallpox."**

#### SMALLPOX VACCINATION DEATHS

**"You let a doctor take a dainty, helpless baby, and put that stuff from a cow, which has been scratched and had dirt rubbed into her wound, into that child. Even, the Jennerians now admit that infant vaccination spreads disease among children. More mites die from vaccination than from the disease they are supposed to be inoculated against."**

#### SMALLPOX VACCINATION

**"For years past the strain of countenancing such a proceeding, so gross, reckless, dirty, and dangerous as vaccination from the calf, has been growing unbearable to bacteriological experts. . . . Nothing but the natural ignorance of the public, countenanced by the inoculated erroneousness of the ordinary general medical practitioners, makes such a barbarism as vaccination possible. . . . Recent developments have shown that an inoculation made in the usual general practitioner's light-hearted way, without previous highly skilled examination of the state of the patient's blood, is just as likely to be a simple manslaughter as a cure or preventive. But vaccination is nothing short of attempted murder. A skilled bacteriologist would just as soon think of cutting his child's arm and rubbing the contents of the dustpan into the wound, as vaccinating it in the same."**

**"At present, intelligent people do not have their children vaccinated, nor does the law now compel them to. The result is not, as the Jennerians prophesied, the extermination of the human race by smallpox; on the contrary more people are now killed by vaccination than by smallpox."**

## NON-MUSLIM VIEWS ABOUT MUHAMMAD

PEACE BE UPON HIM

I have always held the religion of Muhammad in high estimation because of its wonderful vitality. It is the only religion which appears to me to possess that assimilating capacity to the changing phase of existence which can make itself appeal to every age. I have studied him - the wonderful man and in my opinion for from being an anti-Christ, he must be called the Savior of Humanity.

**"The fact that a believer  
is happier than a  
skeptic is no more to  
the point than the fact  
that a drunken man is  
happier than a sober  
one."**

PUNISHMENT IS  
NOT IN THE  
LEAST THAT HE

BELIEVED, BUT  
THAT HE CANNOT

ELSE."

- *GEORGE BERNARD SHAW*

Just do what must be done.  
This may not be happiness,  
but it is greatness.
